Hey Christine,

Sorry for delayed response on this. I did some research, and the \$65,000 that you had provided back in 2015 for the median islands along Vermont (see attached) is still available for the implementation of the last 2 median islands along Vermont Avenue.

Based on the bids we received for the 1st four islands, our project estimate for these last two islands is approximately \$320,000. Given that, we are in need of an additional \$255,000.

I will also be reaching out to GSD as they also have construction forces that may be able to perform this work and maybe can save us some time and money.

Given that, please advise if you would be able to identify the \$255,000 budget gap.

Also, please advise if you are still interested in moving forward with the Sunset at Waterloo/Coronado project, and we can coordinate a meeting with BOE.

Thank you Christine

Carlos

I think you are right. I completely forgot about that. Stand by then, let me check, because that amount was to cover the higher bids when we awarded the original contract. I will get back to you early next week. The rest of the funds for the 1st 4 islands came from an MTA Call.

Thank you for the quick follow up.

Carlos

Ah,

OK...let me check. I think we contributed 85,000 for the first go round?  
Where did the rest of the funds come from?

\$300,000. The 1st 4 islands cost around \$550,000. Will that be a problem?

Hi Christine,

Can you please advise if I can indicate to Nicole that we have identified the necessary funding to build the last two islands

along Vermont? The cost is approximately \$300,000.

Thanks

Carlos

Hi Carlos! Hope all is well. Would you be able to come to our EHBID meeting next Tuesday, June 20th at 3:30 pm to give the board an update on the 2nd phase of the median installation?

Please let me know.

Thanks so much!

Nicole
